INDEPENDENT AUDITOR'S REPORT

To the Authority Board Western Mason County Fire District Authority, Inc. Mason County, Michigan

We have audited the accompanying financial statements of the governmental activities, and the major fund of Western Mason County Fire District Authority, Inc. as of and for the year ended December 31, 2006, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Western Mason County Fire District Authority, Inc. management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Western Mason County Fire District Authority, Inc. as of December 31, 2006, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Mason County, Michigan Management Discussion and Analysis For the year ended December 31, 2006

Using this Annual Report

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of the Authority as a whole and present a longer-term view of the Authority's finances. Fund financial statements tell how these services were financed in the short-term, as well as what remains for future spending. Fund financial statements also report the Authority's operations in more detail than the government-wide financial statements.

The Authority as a Whole

The Authority's combined net assets increased 15% from a year ago, increasing from \$782,628 to \$897,654. This results from reductions in long-term debt.

In a condensed format, the table below shows a comparison of the net assets as of December 31, 2006 to the prior year:

	Governmental Activiti			
		2006	2005	
Current assets	\$	359,031 \$	313,266	
Noncurrent assets		1,059,599	1,158,273	
Total assets		1,418,630	1,471,539	
Long-term debt outstanding		509,512	673,987	
Other liabilities		11,464	14,924	
Total liabilities		520,976	688,911	
Net assets				
Invested in capital assets - net of debt		550,087	484,286	
Unrestricted		347,567	298,342	
Total net assets	\$	897,654 \$	782,628	

Unrestricted net assets, the part of net assets that can be used to finance day to day operations, increased by \$49,225. This is an increase of approximately 16%. The current level of unrestricted net assets for our governmental activities stands at \$347,567, or about 208% of expenses. This is within the targeted range set by the Authority Board during its last budget process.

The following table shows the changes of the net assets as of December 31, 2006 to the prior year:

		2006	2005
Program revenues	*	40.070 ft	20.746
Charges for services	\$	42,670 \$	39,716
General Revenue			
Property tax		229,230	215,029
Unrestricted investment earnings		9,540	3,372
Miscellaneous		557	
Total Revenue		281,997	258,117
Program expenses			
Public Safety		166,971	187,401
Change in net assets	\$	115,026 \$	70,716

Mason County, Michigan Management Discussion and Analysis For the year ended December 31, 2006

The Authority's net assets continue to remain healthy. As the Authority's revenue is derived primarily from property taxes and charges for services, which are not affected by reductions by the State, revenue is expected to continue to increase and maintain a healthy fund balance.

Governmental Activities

Expenditures decreased by \$20,430 from the previous year. This resulted from lower interest expense and lower truck maintenance expense than in the prior year.

The Authority's Funds

Our analysis of the Authority's major fund begins on page 10, following the entity wide financial statements. The Authority Board creates funds to help manage money for specific purposes as well as to show accountability for certain activities, such as special property tax millages. The Authority's major fund for 2006 was the General Fund.

Capital Asset and Debt Administration

At the end of 2006, the Authority had \$1,059,599, net of accumulated depreciation, invested in fire trucks. No additions were made to capital assets or long-term debt.

Economic Factors and Next Year's Budgets and Rates

The Authority's budget for 2007 is expected to be higher than in 2006 because the Authority has contracted to purchase two trucks at a cost of approximately \$365,000. It will finance approximately \$320,000 of the purchase. The Authority Board is also evaluating the purchase of a ladder truck in 2007 or later. The Authority's management has not identified any economic factors that may have significant impact on the Authority's financial results.

Contacting the Authority's Management

This financial report is intended to provide our citizens, taxpayers, customers and investors with a general overview of the Authority's finances and to show the Authority's accountability for the money it receives. If you have questions about this report or need additional information, we welcome you to contact the Authority's Secretary/Treasurer at the Pere Marquette Township hall, 1699 S. Pere Marquette Highway, Ludington, Michigan, 49431. The Authority's phone number is (231) 845-1277.

Mason County, Michigan Notes to Financial Statements For the year ended December 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Western Mason County Fire District Authority, Inc. conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by Western Mason County Fire District Authority, Inc.

A. Reporting Entity

Western Mason County Fire District Authority, Inc. is governed by a six-member Board composed of the Supervisor or City Manager and the Fire Chief of each participating municipality. The accompanying financial statements present the activities of the Authority. There are no component units to be included in these financial statements.

B. Government-Wide and Fund Financial Statements

The Authority has only one fund, the General Fund.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenue.

Mason County, Michigan Notes to Financial Statements For the year ended December 31, 2006

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

The Authority reports the following major governmental fund:

The General Fund accounts for principal and interest payments on long-term debt and for payments for certain general operating items.

Private-sector standards of accounting issued prior to December 1, 1989, are generally followed in the government-wide financial statements to the extent that those standards do not conflict with the standards of the Governmental Accounting Standards Board.

D. Assets, Liabilities, and Net Assets or Equity

Bank Deposits and Investments--Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Capital Assets--Capital assets, which include fire trucks, are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Authority as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Fire trucks are depreciated using the straight-line method over the following useful lives:

Fire trucks 7 to 20 years

Long-Term Obligations--In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net assets. The face amount of debt issued is reported as other financing sources.

Fund Equity--In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Any designations of fund balance represent tentative management plans that are subject to change.

Comparative Data/Reclassifications--Comparative total data for the prior year have been presented for the General Fund in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of this fund.

Mason County, Michigan Notes to Financial Statements For the year ended December 31, 2006

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information--Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. All annual appropriations lapse at fiscal year end.

The Authority normally follows these procedures in establishing the budgetary data reflected in the financial statements:

An annual budget for the next year shall be prepared and adopted by the Board before the end of the current fiscal year. This budget shall be presented to each of the three units of government, in timely fashion for their review, before year-end. The operating budget includes proposed expenditures and the means of financing them.

On or before December 31, the budget is adopted by resolution.

The transfer of budgeted amounts between departments within any fund or any revisions that alter the total expenditures of any fund must be approved by the Authority board.

Budgeted amounts are presented as originally adopted, or as amended by the Authority board before December 31. Individual amendments were not material in relation to the original appropriations which were amended.

Budgets as presented for the general and debt service funds are prepared on the modified accrual basis of accounting on the activity level. Encumbrances are not recorded at year end. Budget appropriations lapse at the end of each fiscal year.

Budgetary amounts reported herein are as originally adopted, or as amended by the Authority Board throughout the operating year.

Budgets shown in the financial statements are adopted on a basis consistent with generally accepted accounting principles, and consist only of those amounts contained in the formal budget approved as amended by the Authority Board.

The legal level of control is at the fund expenditure totals for the General Fund.

The budget document presents information by fund, function, department and line items. The legal level of budgetary control adopted by the Board is the fund level.

Amounts encumbered for purchase orders, contracts, etc., are not tracked during the year. Budget appropriations are considered to be spent once the goods are delivered or the services rendered.

Mason County, Michigan Notes to Financial Statements For the year ended December 31, 2006

NOTE 3 - DEPOSITS AND INVESTMENTS

Michigan Compiled Laws, Section 129.91, authorizes Western Mason County Fire District Authority, Inc. to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations which have an office in Michigan. The Authority is allowed to invest in bonds, securities and other direct obligations of the United States or any agency or instrumentality of the United States; United States government or federal agency obligations; repurchase agreements; bankers' acceptance of United States banks; commercial paper rated within the two highest classifications which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

Western Mason County Fire District Authority, Inc. Board has designated two banks for the deposit of Authority funds. The investment policy adopted by the board in accordance with Public Act 196 of 1997 has authorized investment in bonds and securities of the United States government and bank accounts and certificates of deposit, but not the remainder of State statutory authority as listed above.

Western Mason County Fire District Authority, Inc.'s deposits and investment policy are in accordance with statutory authority.

At year-end, the Authority's deposits and investments were reported in the basic financial statements in the following categories:

	Governmenta		
		activities	
Cash and cash equivalents	\$	158,381	

The bank balance of the primary government's deposits is \$158,599, all of which is covered by federal depository insurance.

NOTE 4 - CAPITAL ASSETS

Capital asset activity of the primary government for the current year was as follows:

Governmental Activities	Balance January 1, 2006	Additi	ons	Disposals	Balance December 31, 2006
Capital assets being depreciated:	\$,	\$	\$		\$
Fire trucks	1,959,912				1,959,912

Net capital assets	\$ 1,158,273	\$ (98,6	674) \$	•	1,059,599

Depreciation expense was charged to programs of the Authority as follows:

Governmental activities:

Public Safety	\$	98,674
---------------	----	--------

Mason County, Michigan Notes to Financial Statements For the year ended December 31, 2006

NOTE 5 - TAX LEVY AND RESERVED FUND BALANCES

On August 6, 1996 the voters of the City of Ludington and the Townships of Hamlin and Pere Marquette approved a tax levy of .3 mills for the Western Mason County Fire District Authority for a period of 20 years (1996 through 2015 inclusive). The purpose of the levy is for purchasing, maintaining, upgrading, or equipping fire trucks to be used in accordance with the Articles of Incorporation of the Authority and for the purchase of insurance.

This .3 mill levy resulted in \$229,230 of tax revenues recognized in 2006.

In accordance with Article X of the by-laws and the approved tax millage, all tax collections received by the Western Mason County Fire District Authority shall be budgeted for fire vehicle replacement, insurance, or major vehicle repair. Transactions in the restricted tax millage account for the year ended December 31, 2006 are summarized as follows:

	Restri	cted tax millage

AUDITORS' REPORTS

COMMUNICATION WITH AUDIT COMMITTEE OR ITS EQUIVALENT

To the Board Western Mason County Fire District Authority, Inc. Mason County, Michigan

We have audited the general purpose financial statements of Western Mason County Fire District Authority, Inc., Mason County, Michigan for the year ended December 31, 2006, and have issued our report thereon dated March 12, 2007. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under Generally Accepted Auditing Standards

As stated in our engagement letter dated March 9, 2007, our responsibility, as described by professional standards, is to plan and perform our audit to obtain reasonable, but not absolute, assurance that the general purpose financial statements are free of material misstatement and are fairly presented in accordance with accounting principles generally accepted in the United States of America. Because of the concept of reasonable assurance and because we did not perform a detailed examination of all transactions, there is a risk that material errors, fraud, or other illegal acts may exist and not be detected by us.

As part of our audit, we considered the internal control of Western Mason County Fire District Authority, Inc.. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of the Western Mason County Fire District Authority, Inc.'s compliance with certain provisions of laws, regulations, contracts, and grants. However, the objective of our tests was not to provide an opinion on compliance with such provisions.

Significant Accounting Policies

Management has the responsibility for selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Western Mason County Fire District Authority, Inc. are described in Note 1 to the general purpose financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2006. We noted no transactions entered into by Western Mason County Fire District Authority, Inc. during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

We encountered no significant difficulties in dealing with management in performing our audit.

This information is intended solely for the use of the Authority Board and management of Western Mason County Fire District Authority, Inc. and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT COMMENTS LETTER

To the Board Western Mason County Fire District Authority, Inc. Mason County, Michigan

In planning and performing our audit of the financial statements of Western Mason County Fire District Authority, Inc. for the year ended December 31, 2006, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements.

Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control that, in our judgment, could adversely affect Western Mason County Fire District Authority, Inc.'s ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no material weaknesses.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

This report is intended solely for the information and use of the Board, management, and others within the administration or the State of Michigan and is not intended to be and should not be used by anyone other than these specified parties.

These conditions were considered in determining the nature, timing, and extent of the audit tests applied in our audit of the December 31, 2006 financial statements, and this report does not affect our report on those financial statements dated March 12, 2007. We have not considered the internal control since the date of our report.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board Western Mason County Fire District Authority, Inc. Mason County, Michigan

We have audited the general purpose financial statements of Western Mason County Fire District Authority, Inc., Mason County, Michigan as of and for the year ended December 31, 2006, and have issued our report thereon dated March 12, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Western Mason County Fire District Authority, Inc.'s general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

Jonglas Welley

In planning and performing our audit, we considered Western Mason County Fire District Authority, Inc.'s internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, others within the organization, the Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
